Dear Sir:

Replying to your favor of the 24th relative to hay from Carrothers to Augusta, Ga. Beg to advise you that there will be 10 cars of this business, which we can secure. As stated to you over the phone, we have one L. & N. car on our line which must go back to the Pan Handle and which is being loaded with this business. This will leave 9 cars yet to move, which we will be very glad to route via your line, providing we can furnish the cars. We have not sufficient number of our own cars on the line to take care of our local business, which compels us to depend upon our connections for assistance. Any help that you can give us in the matter will be appreciated.

Yours truly
