J. J. Archer, Esq.

D. F. A., N. & W. R. R., City.

Dear Sir;-

Referring to your recent memo. in regard to proposed percents between your Virginia points and Vandalia Line, Peoria Division, points via Indianapolis and Columbus.

Mr. Hibbard advises that the sheet as corrected will be satisfactory to him. When returning same to Mr. Hibbard we endeavored to persuade him to accept a proportion based upon 212 miles upon business coming from connecting lines at Morton, Farmdale and Peoria the same as he agreed to accept upon business going to connecting lines at these points but he declines to do so. Upon receipt of your proof we will submit same to Mr. Hibbard for checking etc. Please send me two copies of same.

Yours truly,

W. Stewart

General Freight Agent
